## I. Introduction

NFP grants are awarded to Dutch institutions in order to subsidize individual NFP fellowships that will enable fellowship holders to pursue and complete NFP eligible educational courses, programmes or to perform PhD research. This document presents the terms for Dutch institutions that submit a request for a grant and for Dutch institutions that receive a grant for the Netherlands Fellowship Programmes (NFP) for the sub-programmes:

- NFP-Master's degree programmes
- NFP-Short Courses
- NFP-PhD

The NFP Grant Conditions are also applicable to the MENA Scholarship Programme. **MSP adopts the procedures, terms and obligations for NFP-Short Courses, unless explicitly mentioned otherwise.**

The NFP Grant Conditions do **not** apply to NFP-Tailor Made Training (TMT), NFP Refresher Courses (RC) and NFP Alumni Activities.

These Grant Conditions form part of the grant award for grant recipients and provide the obligations that apply to the grant. By submitting an NFP grant request in Atlas the Dutch institution accepts these Grant Conditions.

The Dutch institution is responsible for providing the candidates with the Obligations for NFP and MSP Fellowship Holders as stated in Annex 3.

Dutch institutions must take note of all information provided about the NFP and MSP on [the Nuffic website](#).

More information on Atlas: [Atlas User Manual NFP and MSP Dutch Higher Education Institutions](#).

29. The NFP grant is for one or more individual fellowships. It is composed by fixed amounts and is a contribution towards the costs fellowship holders make during their studies. It covers the fixed reimbursements for fellowship holders as stated in Annex 1 and the predetermined institutional costs. The amount of the grant is calculated using the programme/course details as registered in Atlas (i.e. course duration, the NFP-tuition fee, the location of the course, the educational form of the course, etc) and the fixed reimbursements for fellowship holders according to the specification in Annex 1.
30. The fixed reimbursements for subsistence allowance, study materials and if applicable e-learning facilities as stated in Annex 1 must be paid on behalf of the fellowship holder. The other fixed reimbursements are expected to meet on average the fellowship expenses paid by the grant recipient, as further explained in [Toelichting normbedragen](#).
31. The NFP grant recipient is explicitly responsible for:
- a) organising and conducting the course(s) or programme(s) and the PhD research to which fellowships are awarded;

  - k) informing all nominated candidates for an NFP fellowship individually on the outcome of the selection. The NFP grant recipient will inform selected candidates (sending an NFP fellowship award letter), candidates who have not been selected and candidates with a non-eligible application, including informing them of the reason their application is non-eligible.
  - l) communicating the rules for fellowship holders to fellowship holders and uphold these rules.

32. The NFP grant period:

All fellowships for short courses and master's degree programmes have a nominal study period which can be extended with 3 months unfinanced extension. PhD fellowships can be extended with 9 months unfinanced (budgetary neutral) extension. The grant period is therefore:

- a) for NFP-Short Courses and NFP Master's degree programmes: the grant period will be from the first start date of a fellowship stated on the grant award until the date that the last fellowship has ended (taking into account the maximum extension of three months).

33. The NFP grant awards will be generated automatically by Atlas following the final selection of fellowship holders and will be sent by e-mail only.

34. The NFP grant recipient receives one grant award per grant application deadline and sub-programme. The grant award contains:

- d) the grant recipient must be able to provide orderly records from which it can be established that expenditures are taking place in accordance with the grant award and the applicable grant conditions.

38. Nuffic has the right to perform infrequently-held audits as part of Nuffic's control system. The NFP grant recipient must provide Nuffic with all necessary details to ascertain whether the expenditures are in agreement with these Grant Conditions and the submitted report, if so requested.

39. The NFP grant recipient is obliged to establish processes and/or to take other measures in order to prevent fraud or other illegitimate use of the grant. If (suspicion of) fraud occurs, this should be reported to Nuffic immediately.
40. The NFP grant recipient is obliged to inform Nuffic about any changes with regard to the grant or grant activities:
- a) Cancellation of the course, programme or PhD research should be reported to Nuffic immediately;
  - b) The following changes must be reported and submitted in Atlas before the applicable reporting deadline as indicated in articles 52 and 53 (for intermediate reports) and 56 (for final reports) of the Grant Conditions:

46. The initial advance payment will be transferred to the NFP grant recipient's Dutch bank account at the time of the grant award.
- a) NFP-Master's degree programmes:

48. The NFP grant recipient can replace NFP fellowship holders for NFP-Masters' degree programmes and NFP-Short Courses until 7 days after the start of the course or programme. For NFP-PhD NFP fellowship holders can be replaced within the starting year of the fellowship as referred to in article 19b of the Grant Conditions. The fellowship holder can be replaced with eligible, nominated candidates of the same deadline who have not already been selected. The selection of the replacement candidate is automatically generated by Atlas. This in case the originally selected candidate will not make use of his NFP fellowship (withdrawal or no-show). The fixed reimbursements for fellowship holders according to the specification in Annex 1 of the Grant Conditions also apply to the selected replacement candidates.
49. The NFP grant recipient is entitled to:
  - a) In case of a no-show: the fixed reimbursement for travel and visa costs incurred as specified in Annex 1 of the Grant Conditions in case the grant recipient cannot claim the costs from their own insurance.
  - b) In case of a withdrawal (for a period larger than 0 days/months): the fixed reimbursement for travel, visa costs, handlingfee, study materials, subsistence allowance, insurance and tuition fee (proportionally).   - b. When specifically requested by Nuffic, the grant recipient needs to provide documentation in which the interdependence between the cause of delay, the actual study delay and the emergence of it during the study period is apparent;
  - c. A financed extension comprises of the fixed reimbursement for subsistence allowance and the insurance fee times the amount of months or days which are approved for financed extension;

### **Reporting by the NFP grant recipient**

51. Reporting is done by submitting an intermediate (if applicable) and a final report in Atlas and if applicable an auditor's report. This report contains all information in Atlas with regard to the

fellowship holders and the courses and programmes including the changes registered in Atlas by the NFP grant recipient. The report is in accordance with the grant award.

### **Intermediate report**

52. The NFP grant recipient is required to submit intermediate reports in Atlas for Master's degree Programmes. Intermediate reports:

  - b) reporting period: start date + 12 months; submission deadline is 14 months after the start of the grant period;
53. The NFP grant recipient is required to submit intermediate reports in Atlas for PhD programmes. Intermediate reports:
- a) only have to be submitted if the grant period (including extensions) is more than 18 months;
  - b) submission deadline is 26 months after the start of the grant period. If after 48 months all activities on the grant award have finished, a **final report** needs to be submitted covering the entire grant period.
54. For NFP-PhD an auditor's report needs to be submitted (uploaded) in Atlas for the intermediate report that is to be submitted after 26 months after the start date of the grant if expenses in the first two years exceed € 125.000.
55. Subsequently to the intermediate report, if changes have occurred, the advance payment may be adjusted (if applicable) and a grant amendment letter may be sent to the NFP grant recipient by Nuffic.

### **Final report**

56. The NFP grant recipient is required to submit a final report in Atlas:
- a) for NFP-Master's degree programmes and NFP-Short Courses: the final report has to be submitted within two months after the end date of the grant period.
  - b) for NFP-PhD: the final report has to be submitted within two months after the end date of the grant period.
57. The final report for NFP-Master's degree programmes, NFP-Short Courses and NFP-PhD must also provide the following information:
- a) information whether, when students graduated with a diploma or certificate (available in Atlas);

58. A financed extension of a fellowship needs to be accounted for in Atlas in the intermediate (if applicable) as well as in the final report.

59. Reports relating to different grants must be submitted separately.
60. If the NFP grant recipient does not fulfil the reporting obligations, Nuffic can decide to cease further payments related to the grant, and amend, settle or withdraw the grant and/or demand the refund of payment of all or part of any transferred funds.
61. If reporting deadlines are exceeded, Nuffic is entitled to settle the grant at a lower amount or at zero, reclaiming all or part of the advance payments. Initially, Nuffic will start a [reminder procedure](#) to obtain the final report.
62. Submitting the final report will be considered as a request to settle the grant.

### **Auditor's report**

63. All final reports for a grant with an amount of EUR 125,000 or higher must include an auditor's report (unless Nuffic decides otherwise). For NFP-PhD an auditor's report also needs to be included in the intermediate report that is to be submitted after 26 months after the start date of the grant if expenses in the first two years exceed € 125.000.
64. The auditor's report must comply with the Audit Guidelines mentioned in Annex 2.
65. The Dutch institution will receive a fixed reimbursement for audit costs of EUR 2,000 per grant award. For NFP-PhD, the Dutch institution will receive a fixed reimbursement for audit costs of EUR 4,000 per grant if required under articles 54 and 57b of the Grant Conditions.

### **Settlement of the NFP grant by Nuffic**

66. Nuffic will determine the exact grant amount within thirteen weeks after receiving the complete final report.
- a) The grant will be settled after Nuffic has received and approved the final report and the included auditor's report, if applicable;
  - b) The grant will be settled based on the final report submitted by the grant recipient in Atlas:
    - the actual number of days/months of study by the fellowship holder (taking in consideration extensions and possible premature ending of the study);
    - the standard amounts as listed in the Annex 1;
    - the tuition fee.
  - c) If Nuffic concludes that funds have not been spent conform the NFP Grant Conditions (i.e. not in accordance with the Grant Conditions and/or any other terms under which the funds are made available) Nuffic can decide to re-adjust the grant;
  - d) If advance payments exceed the final settled amount (after final reporting), the difference must be returned to Nuffic unconditionally and on the basis of an invoice that Nuffic will send;
  - e) In the event that a fellowship holder does not or not fully make use of the fellowship, the NFP grant recipient cannot use this fellowship for other purposes or candidates.
67. Nuffic can suspend activities, withdraw or amend the awarded grant, and/or demand the return of all or part of any sum Nuffic has already transferred or take any necessary measures if the NFP grant recipient does not fulfil the grant obligations.

## Annex 2: Audit Guidelines for the auditor's report

### 1.1 Introduction

These audit guidelines provide information for both the audit firm as well as for grant recipients on submitting reports in accordance with the NFP requirements of Nuffic. The Netherlands Fellowship Programmes (NFP) promote capacity building within organisations in 51 countries by providing fellowships for training and education for professionals. The NFP is initiated and fully funded by the Dutch Ministry of Foreign Affairs from the budget for development cooperation.

These audit guidelines have been assessed and approved by COPRO (Werkgroep Controleprotocollen of the NBA (Koninklijke Nederlandse Beroepsorganisatie van Accountants): <https://www.nba.nl/Vaktechniek/Vaktechnische-themas/controleprotocollen-COPRO/Beoordeling-protocollen-andere-organisaties-door-COPRO/EP-Nuffic/>.

### 1.2 Framework of standards

The following framework of standards applies to the NFP programme:

1. Ministry of Foreign Affairs Framework Act on grants;
2. Ministry of Foreign Affairs Grant Decree;
3. Ministry of Foreign Affairs Grant Regulations<sup>1</sup>.

In addition, the following documents are relevant for the auditor's activities:

1. The grant award letter in connection with the NFP grant;
2. The NFP Grant Conditions
3. The document *Toelichting normbedragen*, published on <https://www.epnuffic.nl/bestanden/documenten/toelichting-normbedragen.pdf>
4. If applicable, findings and recommendations of previous audits

For more information on the NFP programme, go to: <http://www.Nuffic.nl/nfp/institutions> .

### 1.3 Reporting requirements

Reports are made in Atlas based on data as recorded in Atlas by the grant recipient. Data in Atlas are recorded based on the Grant recipients administration. Once the data are recorded in Atlas, the Grant Recipient can print the report and submit it to Nuffic by uploading it in Atlas. The reports that have been made in Atlas are leading in the process of grant settlement.

---

<sup>1</sup> Available at [www.wetten.overheid.nl](http://www.wetten.overheid.nl)

Reporting requirements are stated in the NFP Grant Conditions. All reports for a grant with an amount of EUR 125,000 or higher must include an auditor's report (unless Nuffic decides otherwise).

#### **1.4 Choice of audit firm and audit method**

The audit must be conducted by an independent auditor who is acceptable to both Nuffic and the grant recipient. In principle, grant recipients are strongly advised to choose an auditor registered with the national, legally recognised institute of registered accountants in the country of residence, which in turn is a member of the International Federation of Accountants (IFAC). If an accountant without this requirement is chosen, this must be communicated to Nuffic in advance for Nuffic's approval. The audit may not be conducted, however, by the organisation's own internal audit department.

The auditor holds primary responsibility for the audit method. This audit protocol therefore does not intend to prescribe any particular audit method to be used. Auditors mostly base their audit on a (risk) analysis of the accounting system and related internal controls in respect of the grant recipients' submitted report and, based on this, they are in the best position to decide on what means of auditing to apply. As this results in custom solutions per grant recipient, it is impossible to prescribe any particular method. The audit should be carried out in accordance with the International Standards on Auditing (hereinafter: ISA), or equivalent standards i.e. Dutch Standards on Auditing (hereinafter: NV COS).

The auditor who is responsible for the audit of the submitted report is to ensure an adequate audit method and a client-specific work programme, in which context sufficient attention is given to the internal controls of the subsidy accounts and to the level of audit tolerance.

#### **1.5 Objective of the audit protocol and objective and scope of the audit**

This audit protocol provides further instructions for the auditor's work and report, and lays down the auditor's tasks and responsibilities. However, this audit protocol does not intend to prescribe an audit approach and it is not an (exhaustive) work programme.

The auditor examines to what extent the submitted report meets the relevant requirements, as set out in the audit protocol. While doing so, the auditor must give adequate attention to the provisions of the framework of standards. The auditor performs the assurance engagement with due regard to this audit protocol. The auditor's examination results in an auditor's report accompanied by the submitted report.

The objective of the audit is to give an opinion on the submitted report in order to assess, in particular, its accuracy and the legitimacy in all material respects. Expenditures will be regarded as legitimate if: they comply with the conditions of the grant, including Addenda. Furthermore, the auditor has to evaluate the grant recipients' own system of internal control with respect to the NFP Grant, to estimate

the audit risk, and to identify any matters worthy of mention, including any material weaknesses in the internal control system.

In addition, the auditor provides in its report an opinion on the submitted report. The auditor is to sufficiently consider whether the grant recipient has complied in all material respects with the grant award letter and with the grant conditions that apply.

**1.6 Accuracy**

The auditor organises his audit in such a way that he can state with a reliability rate of 95% that the submitted report contains no misstatements with a significance larger than the prescribed levels of materiality. To determine the opinion of the auditor's report, the following levels of materiality apply:

Levels of materiality in percentage of the report amount	Misstatement in the submitted report		Uncertainties in the submitted report	
	Qualified	Adverse	Qualified	Disclaimer of opinion
Compliance	> 1 and < 3	≥ 3	> 3 and < 10	≥ 10

If during the performance of the audit engagement, material misstatements are detected in the submitted report, they will have to be adjusted by the grant recipients. If material misstatements are not adjusted, the auditor is not permitted to issue an unqualified auditor's report.

**1.7 Points of attention**

This section provides points of attention for the auditor in conducting his audit.

*General*

The auditor takes cognisance of the framework of standards, the grant award letter and any additional written agreements. In addition, the auditor takes cognisance of relevant correspondence.

The auditor must receive a letter of representation from the grant recipient's management stating that, to the best of its knowledge, the submitted report, is accurate and complete in every respect and that all grant conditions have been met.

The auditor must ensure that the audit file contains sufficient documents of an appropriate and relevant nature and must record the audit procedures used and the outputs obtained in the file.

### *Audit requirements*

In performing the audit, the auditor is to establish that at least the following has been complied with:

- The data derived from the administration are correct and agree with the underlying records and other documents held by the grant recipient, either in ATLAS or the institutions' student administration. The following should be audited, based on underlying documentation:
  - a. All fellowship holders reported have actually followed the course as reported;
  - b. In case of fellowship holders with the status *withdrawn*, fixed reimbursements for visa cost and travel costs can only be declared if these costs have actually been made;
  - c. Fellowship holder start and end date areas reported, including extensions;
  - d. In case of financed extension: the conditions relating to financed extension have been applied correctly in conformity with article 45 'Financed extension' of the Grant conditions. Please note that the *Extension* field in Atlas and as included in the report can also be used by the institution to register the Additional grant for arrival and departure of fellowship holder NFP and MSP-Short Course fellowship holders, if applicable. - If applicable: period of study in an NFP country as described in Annex I of the NFP & MSP Grant Conditions;
  - e. Country of Origin of employer as reported is correct as indicated on the NFP employer statement of the fellowship holder;
  - f. The tuition fee as reported is correct as registered in the institutions' student administration.
- the fixed reimbursements for subsistence allowances, study materials and if applicable e-learning facilities included in the submitted reports have actually been made during the grant period and paid to or on behalf of the fellowship holder before submitting the final report.

### *Points of attention*

If the auditor detects any unlawfulness in connection with the grant recipient and other parties involved, for example any gift, reward, compensation or benefit of any kind offered or accepted in a way that could be construed as illegal or corrupt, The auditor acts in accordance with ISA 240 (NV COS 240) and he is obliged to report this to Nuffic.

The auditor's report concerns the certified (stamped and signed) submitted report.

The auditor obtains a Letter of Representation.

### **1.8 Review**

Nuffic reserves the right to have the audit reviewed by engaging an independent auditor who will conduct the review. The auditor concerned, grant recipients and other parties involved must fully cooperate with this review, supplying the reviewer with all relevant documentation related to the audit, provided that supplying this documentation will not be contrary to any law and regulation. The auditor

is obliged to provide the reviewer, in mutual understanding, with any information included in the audit file, provided that doing so is not contrary to his professional standards.

### **1.9 Audit files**

The audit firm must keep an orderly and accessible audit file for the subsidy account. This file must be kept for 7 years from the date the audit was completed. All working papers and reports must be in the English language.

### **1.10 Prescribed model for auditor's report**

An unqualified auditor's report must be worded as follows or in accordance with a more recent model text as published on the IAASB (NBA) website:

## **INDEPENDENT AUDITOR'S REPORT**

To: [Appropriate addressee]

We have audited the accompanying report generated in Atlas (herin further: report) of ... (name of entity) at ... (place of registered office) for ... (reporting period).

### **Management responsibility**

Management (or other body, such as, 'the foundation's board', 'the company's executive board', etc.) is responsible for the preparation and fair presentation of this report in accordance with the conditions laid down in the Grant Conditions Netherlands Fellowship Programmes and MENA Scholarship Programme for the purpose of determining subsidy grant CF... . Furthermore management is responsible for such internal control as it determines is necessary to enable the preparation of the report that is free from material misstatement, whether due to fraud or error.

### **Auditor's responsibility**

Our responsibility is to express an opinion on this report based on our audit. We conducted our audit in accordance with Dutch law, including the International Standards on Auditing and Annex 2: Audit Guidelines for the auditor's report (version 6 December 2016) of the Grant Conditions Netherlands Fellowship Programmes and MENA Scholarship Programme. This requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the report, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the report generated in Atlas of ... (name of entity) for ... (reporting period) with a total amount of ... (amount in €) is prepared, in all material aspects, with the requirements laid down in the Grant Conditions Netherlands Fellowship Programmes and MENA Scholarship Programme, laid down in subsidy grant CF....

### **Restriction on use and distribution**

The report generated in Atlas is intended solely for ... (name of entity) and Nuffic and is prepared to assist ... (name of entity) to comply with the requirements as set out in subsidy grant CF..... As a result, the report may not be appropriated for another purpose. Therefore, our auditor's report is intended solely for ... (name of entity) and Nuffic and should not be distributed to or used by other parties than ... (name of entity) and Nuffic.

## **Annex 3: Obligations for NFP and MSP fellowship holders**

Corresponding to NFP and MSP Grant Conditions version 6 April 2017

### ***Netherlands Fellowship Programmes (NFP)***

The Netherlands Fellowship Programmes (NFP) is a scheme initiated and fully funded by the Dutch Ministry of Foreign Affairs under the budget for Development Cooperation.

The overall aim of the NFP is to help alleviate qualitative and quantitative shortages of skilled manpower within a wide range of governmental, private and non-governmental organizations. This by offering fellowships to mid-career professionals to improve the capacity of their employing organizations. The need for training has to be evident within the context of an organization.

### ***Middle East and North Africa Scholarship Programme (MSP)***

The Middle East and North Africa Scholarship Programme (MSP) offers scholarships to professionals from ten participating countries and is funded by the Dutch Ministry of Foreign Affairs.

The overall aim of the MSP is to contribute to the democratic transition in the participating countries. It also aims at building capacity within organisations by enabling employees to take part in diploma or other courses. While scholarships are awarded to individuals, the need for training must be demonstrated in the context of the organisation for which the applicant works. The training must help the organisation develop its capacity.

### ***NFP and MSP fellowships***

An NFP/MSP fellowship is intended to supplement the salary that the fellowship holder should continue to receive during the study period. The allowance is a contribution towards the costs of living, the costs of tuition fees, visa, travel, insurance and thesis research. If applicable, the fellowship holder is expected to cover the difference between the actual costs and the amount of the personal NFP and MSP allowances.

The fellowships are awarded in a very competitive selection to highly motivated professionals who are in a position to introduce the newly-acquired skills and knowledge into their employing organization.

### ***Obligations for NFP and MSP fellowship holders***

NFP and MSP fellowship holders should be informed by the Grant Recipient about the articles in the NFP and MSP Grant Conditions to which they must comply. The information below is the minimum information fellowship holders should be informed about.
