I. Introduction

OKP grants are awarded to Dutch institutions in order to subsidize individual OKP fellowships that will enable fellowship holders to pursue and complete OKP eligible educational courses or programmes. This document presents the terms for Dutch institutions that submit a request for a grant and for Dutch institutions that receive a grant for the Netherlands Fellowship Programmes (OKP) for the sub-programme:

- OKP-Short Courses

The OKP Grant Conditions do **not** apply to OKP-Masters, OKP-PhD, OKP-Tailor Made Training (TMT), OKP-Refresher Courses (RC) and OKP Alumni Activities.

These Grant Conditions form part of the grant award for grant recipients and provide the obligations that apply to the grant. By submitting a OKP grant request in Atlas the Dutch institution accepts these Grant Conditions.

The Dutch institution is responsible for providing the candidates with the Obligations for OKP Fellowship Holders as stated in Annex 3.

Dutch institutions must take note of all information provided about the OKP on [the Nuffic website](#).

More information on Atlas: [OKP Atlas Manual for Dutch Institutions](#).

II. General Terms

1. The activities made possible by the grant will be carried out under the responsibility of the OKP grant recipient.
2. The following framework of standards apply to the OKP programmes:
 - Ministry of Foreign Affairs Framework Act on Grants;
 - Ministry of Foreign Affairs Grant Decree;
 - Ministry of Foreign Affairs Grant Regulations;

5. If Dutch government policy is violated by the funding of a particular activity, because for instance circumstances have changed, Nuffic can issue binding requirements regarding the activities funded by the grant.
6. The Dutch institution is not allowed to offer or give or solicit or accept from a third party any gift, reward, compensation or benefit of any kind in any way that could be construed as illegal or corrupt. Any such practice could be grounds for Nuffic to withdraw the entire grant or parts of the grant.
7. All materials wholly or partly produced with the help of the grant, with the exception of images and illustrations, must be published under the Creative Commons License – Attribution Non-commercial. As a result, third parties wishing to make use of these materials are required to cite (attribute) the work in the manner specified by the author or licensor and the citation or reuse should in no way imply that the author or licensor endorses the scope of the derived work. Third parties are not permitted to use the work for commercial purposes.

8. The Dutch institution must comply with the Dutch Personal Data Protection Act (*Wet Bescherming Persoonsgegevens*, or WBP).
9. Nuffic accepts no responsibility, financially or otherwise, for expenditures (or liabilities emerging from these expenditures) or liabilities arising from activities funded by the grant. 14. Nuffic is authorized to deviate from the provisions in the Grant Conditions in exceptional circumstances if implementation and /or execution of the Grant Conditions result in injustice or inequities of considerable nature. When applied, the application of this provision will be stated in a well-founded decision.

III. OKP grant request

15. The Dutch institution can submit a request for a OKP grant to subsidize individual OKP fellowships for candidates, who comply with the following eligibility criteria:

A grant for additional housing costs can be awarded to fellowship holders if these conditions cannot be met using the subsistence allowance alone.

It covers the fixed reimbursements for fellowship holders as stated in Annex 1 and the predetermined institutional costs. The amount of the grant is calculated using the programme/course details as registered in Atlas (i.e. course duration, the OKP-tuition fee, the location of the course, the educational form of the course, etc) and the fixed reimbursements for fellowship holders according to the specification in Annex 1.
28. The fixed reimbursements for subsistence allowance, study materials and if applicable e-learning facilities as stated in Annex 1 must be paid on behalf of the fellowship holder. - l) communicating the rules for fellowship holders to fellowship holders and uphold these rules.

30. The OKP grant period:

All fellowships for short courses have a nominal study period which can be extended with 3 months unfinanced (budgetary neutral) extension. The grant period is therefore:

- a) for OKP-Short Courses: the grant period will be from the first start date of a fellowship stated on the grant award until the date that the last fellowship has ended (taking into account the maximum extension of three months).

31. The OKP grant awards will be generated automatically by Atlas following the final selection of fellowship holders and will be sent by e-mail only.

32. The OKP grant recipient receives one grant award per grant application deadline and sub-programme. The grant award contains:

- the names of the selected candidates to whom fellowships are awarded;
- the names of the nominated eligible candidates who have not been selected for a OKP fellowship;
- the names of all nominated non-eligible candidates.

33. The candidate must not be nominated for more than one OKP fellowship for courses/programmes that take place at the same time.

34. All nominated eligible candidates who have not been selected are potential replacement candidates.

- a) procedures allow for an efficient implementation of the grant;
- b) the administration is open to external audit;
- c) files concerning fellowship holders and payments to fellowship holders should be kept for seven years after grant settlement;
- d) the grant recipient must be able to provide orderly records from which it can be established that expenditures are taking place in accordance with the grant award and the applicable grant conditions.

36. Nuffic has the right to perform infrequently-held audits as part of Nuffic's control system. The OKP grant recipient must provide Nuffic with all necessary details to ascertain whether the expenditures are in agreement with these Grant Conditions and the submitted report, if so requested.
37. The OKP grant recipient is obliged to establish processes and/or to take other measures in order to prevent fraud or other illegitimate use of the grant. If (suspicion of) fraud occurs, this should be reported to Nuffic immediately.
38. The OKP grant recipient is obliged to inform Nuffic about any changes with regard to the grant or grant activities:
- a) Cancellation of the course or programme should be reported to Nuffic immediately;
 - b) The following changes must be reported and submitted in Atlas before the applicable reporting deadline as indicated in article 49 of the Grant Conditions:
 - withdrawal of a fellowship holder before the start of the course/programme and (if applicable) selection of a replacement;
 - financed extension of a fellowship;
 - changes in start/end date of the course/programme ;
 - termination of the course/programme, with or without diploma.

Payments by the grant recipient to the OKP fellowship holder

39. The OKP grant recipient is responsible for the administration of the fellowships and makes all payments to or on behalf of the fellowship holder according to the specifications in Annex 1 of the Grant Conditions.

Payments by Nuffic

40. All payments will be made in Euro's (EUR).
41. All payments will be made in name of the OKP grant recipient to the bank account number known to Nuffic.
42. The OKP grant recipient is responsible for providing Nuffic with the correct bank account details. Consequences arising from not providing these details, or not providing them on time, will be the OKP grant recipient's responsibility.
43. The initial advance payment will be transferred to the OKP grant recipient's Dutch bank account at the time of the grant award. For OKP-Short Courses an initial advance payment of 80% of the total grant is made at the time of the grant award. The final payment will be made after grant settlement.

V. Grant management

Replacement of selected candidates

44. The OKP grant recipient can withdraw the OKP fellowship of a fellowship holder if it becomes clear that the fellowship holder is not able to successfully complete the course or programme within the fellowship period (including possible extension).
45. The OKP grant recipient can replace OKP fellowship holders for OKP-Short Courses until 7 days after the start of the course or programme. The fellowship holder can be replaced with eligible, nominated candidates of the same deadline who have not already been selected. The selection of the replacement candidate is automatically generated by Atlas. This in case the originally selected candidate will not make use of his OKP fellowship (withdrawal or no-show). The fixed reimbursements for fellowship holders according to the specification in Annex 1 of the Grant Conditions also apply to the selected replacement candidates.
46. The OKP grant recipient is entitled to:
 - a) In case of a no-show: the fixed reimbursement for travel and visa costs incurred as specified in Annex 1 of the Grant Conditions in case the grant recipient cannot claim the costs from their own insurance.
 - b) In case of a withdrawal (for a period larger than 0 days/months): the fixed reimbursement for travel, visa costs, handlingfee, study materials, subsistence allowance, insurance and tuition fee (proportionally). If applicable also: e-learning facilities and additional housing as specified in Annex 1 of the Grant Conditions.

47. The OKP grant recipient may grant a financed extension with a maximum duration 3 days to fellowships for OKP – Short Courses The following conditions apply to the financed extension:
 - a. Only severe health issues of the fellowship holder or death of a first-degree relative of the fellowship holder are justifications for a financed extension with a maximum of three days;
 - b. When specifically requested by Nuffic, the grant recipient needs to provide documentation in which the interdependence between the cause of delay, the actual study delay and the emergence of it during the study period is apparent;
 - c. A financed extension comprises of the fixed reimbursement for subsistence allowance and the insurance fee times the amount of days which are approved for financed extension;

Reporting by the OKP grant recipient

48. Reporting is done by submitting an intermediate (if applicable) and a final report in Atlas and if applicable an auditor's report. This report contains all information in Atlas with regard to the fellowship holders and the courses and programmes including the changes registered in Atlas by the OKP grant recipient. The report is in accordance with the grant award.

Final report

49. The OKP grant recipient is required to submit a final report in Atlas.

For OKP-Short Courses the final report has to be submitted within two months after the end date of the grant period.

50. The final report for OKP-Short Courses must also provide the following information:

- a) information whether, when students graduated with a diploma or certificate (available in Atlas);

51. A financed extension of a fellowship needs to be accounted for in Atlas in the final report.

52. Reports relating to different grants must be submitted separately.

53. If the OKP grant recipient does not fulfil the reporting obligations, Nuffic can decide to cease further payments related to the grant, and amend, settle or withdraw the grant and/or demand the refund of payment of all or part of any transferred funds.

57. The auditor's report must comply with the Audit Guidelines mentioned in Annex 2.

58. The Dutch institution will receive a fixed reimbursement for audit costs of EUR 2,000 per grant award. Auditor's report.

Publicity

Settlement of the OKP grant by Nuffic

60. Nuffic will determine the exact grant amount within thirteen weeks after receiving the complete final report.

- a) The grant will be settled after Nuffic has received and approved the final report and the included auditor's report, if applicable;
- b) The grant will be settled based on the final report submitted by the grant recipient in Atlas:

- e) In the event that a fellowship holder does not or not fully make use of the fellowship, the OKP grant recipient cannot use this fellowship for other purposes or candidates.

61. Nuffic can suspend activities, withdraw or amend the awarded grant, and/or demand the return of all or part of any sum Nuffic has already transferred or take any necessary measures if the OKP grant recipient does not fulfil the grant obligations.

Annex 2: Audit Guidelines for the auditor's report

1.1 Introduction

These audit guidelines provide information for both the audit firm as well as for grant recipients on submitting reports in accordance with the OKP requirements of Nuffic.

These audit guidelines have been assessed and approved by COPRO (Werkgroep Controleprotocollen of the NBA (Koninklijke Nederlandse Beroepsorganisatie van Accountants): <https://www.nba.nl/Vaktechniek/Vaktechnische-themas/controleprotocollen-COPRO/Beoordeling-protocollen-andere-organisaties-door-COPRO/EP-Nuffic/>.

1.2 Framework of standards

The following framework of standards applies to the OKP programme:

1. Ministry of Foreign Affairs Framework Act on grants;
2. Ministry of Foreign Affairs Grant Decree;
3. Ministry of Foreign Affairs Grant Regulations¹.

In addition, the following documents are relevant for the auditor's activities:

1. The grant award letter in connection with the OKP grant;
2. The OKP Grant Conditions
3. The document [Toelichting normbedragen](#)
4. If applicable, findings and recommendations of previous audits

For more information on the OKP programme, go to: <http://www.Nuffic.nl/OKP/institutions> .

1.3 Reporting requirements

Reports are made in Atlas based on data as recorded in Atlas by the grant recipient. Data in Atlas are recorded based on the Grant recipients administration. Once the data are recorded in Atlas, the Grant Recipient can print the report and submit it to Nuffic by uploading it in Atlas. The reports that have been made in Atlas are leading in the process of grant settlement.

¹ Available at www.wetten.overheid.nl

Reporting requirements are stated in the OKP Grant Conditions. All reports for a grant with an amount of EUR 125,000 or higher must include an auditor's report (unless Nuffic decides otherwise).

1.4 Choice of audit firm and audit method

The audit must be conducted by an independent auditor who is acceptable to both Nuffic and the grant recipient. In principle, grant recipients are strongly advised to choose an auditor registered with the national, legally recognised institute of registered accountants in the country of residence, which in turn is a member of the International Federation of Accountants (IFAC). If an accountant without this requirement is chosen, this must be communicated to Nuffic in advance for Nuffic's approval. The audit may not be conducted, however, by the organisation's own internal audit department.

The auditor holds primary responsibility for the audit method. This audit protocol therefore does not intend to prescribe any particular audit method to be used. Auditors mostly base their audit on a (risk) analysis of the accounting system and related internal controls in respect of the grant recipients' submitted report and, based on this, they are in the best position to decide on what means of auditing to apply. As this results in custom solutions per grant recipient, it is impossible to prescribe any particular method. The audit should be carried out in accordance with the International Standards on Auditing (hereinafter: ISA), or equivalent standards i.e. Dutch Standards on Auditing (hereinafter: NV COS).

The auditor who is responsible for the audit of the submitted report is to ensure an adequate audit method and a client-specific work programme, in which context sufficient attention is given to the internal controls of the subsidy accounts and to the level of audit tolerance.

1.5 Objective of the audit protocol and objective and scope of the audit

This audit protocol provides further instructions for the auditor's work and report, and lays down the auditor's tasks and responsibilities. However, this audit protocol does not intend to prescribe an audit approach and it is not an (exhaustive) work programme.

The auditor examines to what extent the submitted report meets the relevant requirements, as set out in the audit protocol. While doing so, the auditor must give adequate attention to the provisions of the framework of standards. The auditor performs the assurance

engagement with due regard to this audit protocol. The auditor's examination results in an auditor's report accompanied by the submitted report.

The objective of the audit is to give an opinion on the submitted report in order to assess, in particular, its accuracy and the legitimacy in all material respects. Expenditures will be regarded as legitimate if: they comply with the conditions of the grant, including Addenda. Furthermore, the auditor has to evaluate the grant recipients' own system of internal control with respect to the OKP Grant, to estimate the audit risk, and to identify any matters worthy of mention, including any material weaknesses in the internal control system.

In addition, the auditor provides in its report an opinion on the submitted report. The auditor is to sufficiently consider whether the grant recipient has complied in all material respects with the grant award letter and with the grant conditions that apply.

1.6 Accuracy

The auditor organises his audit in such a way that he can state with a reliability rate of 95% that the submitted report contains no misstatements with a significance larger than the prescribed levels of materiality. To determine the opinion of the auditor's report, the following levels of materiality apply:

Levels of materiality in percentage of the report amount	Misstatement in the submitted		Uncertainties in the submitted report	
	Qualified	Adverse	Qualified	Disclaimer of opinion
Compliance	> 1 and < 3	≥ 3	> 3 and < 10	≥ 10

1.7 Points of attention

This section provides points of attention for the auditor in conducting his audit.

General

The auditor takes cognisance of the framework of standards, the grant award letter and any additional written agreements. In addition, the auditor takes cognisance of relevant correspondence.

The auditor must receive a letter of representation from the grant recipient's management stating that, to the best of its knowledge, the submitted report, is accurate and complete in every respect and that all grant conditions have been met.

The auditor must ensure that the audit file contains sufficient documents of an appropriate and relevant nature and must record the audit procedures used and the outputs obtained in the file.

Audit requirements

In performing the audit, the auditor is to establish that at least the following has been complied with:

- The data derived from the administration are correct and agree with the underlying records and other documents held by the grant recipient, either in ATLAS or the institutions' student administration. The following should be audited, based on underlying documentation:
 - a. All fellowship holders reported have actually followed the course as reported;
 - b. In case of fellowship holders with the status *withdrawn*, fixed reimbursements for visa cost and travel costs can only be declared if these costs have actually been made;
 - c. Fellowship holder start and end date areas reported, including extensions;
 - d. In case of financed extension: the conditions relating to financed extension have been applied correctly in conformity with article 47 'Financed extension' of the Grant conditions. Please note that the *Extension* field in Atlas and as included in the report can also be used by the institution to register the Additional grant for arrival and departure of fellowship holder OKP -Short Course fellowship holders, if applicable. - If applicable: period of study in a OKP country as described in Annex I of the OKP Grant Conditions;
 - e. Country of Origin of employer as reported is correct as indicated on the OKP employer statement of the fellowship holder;
 - f. The tuition fee as reported is correct as registered in the institutions' student administration.
- the fixed reimbursements for subsistence allowances, study materials and if applicable e-learning facilities included in the submitted reports have actually been made during the grant period and paid to or on behalf of the fellowship holder before submitting the final report.

Points of attention

If the auditor detects any unlawfulness in connection with the grant recipient and other parties involved, for example any gift, reward, compensation or benefit of any kind offered or accepted in a way that could be construed as illegal or corrupt, The auditor acts in accordance with ISA 240 (NV COS 240) and he is obliged to report this to Nuffic.

The auditor's report concerns the certified (stamped and signed) submitted report.

The auditor obtains a Letter of Representation.

1.8 Review

Nuffic reserves the right to have the audit reviewed by engaging an independent auditor who will conduct the review. The auditor concerned, grant recipients and other parties involved must fully cooperate with this review, supplying the reviewer with all relevant documentation related to the audit, provided that supplying this documentation will not be contrary to any law and regulation. The auditor is obliged to provide the reviewer, in mutual understanding, with any information included in the audit file, provided that doing so is not contrary to his professional standards.

1.9 Audit files

The audit firm must keep an orderly and accessible audit file for the subsidy account. This file must be kept for 7 years from the date the audit was completed. All working papers and reports must be in the English language.

1.10 Prescribed model for auditor's report

An unqualified auditor's report must be worded as follows or in accordance with a more recent model text as published on the IAASB (NBA) website:

INDEPENDENT AUDITOR'S REPORT

To: [Appropriate addressee]

Ministry of Foreign Affairs under the budget for Development Cooperation.

OKP fellowships

An OKP fellowship is intended to supplement the salary that the fellowship holder should continue to receive during the study period. The allowance is a contribution towards the costs of living, the costs of tuition fees, visa, travel, insurance and thesis research. If applicable, the fellowship holder is expected to cover the difference between the actual costs and the amount of the OKP fellowship amount.

The fellowships are awarded in a very competitive selection to highly motivated professionals who are in a position to introduce the newly-acquired skills and knowledge into their employing organization.
