2	The requesting organisation has clearly explained what it wants to achieve.	1-5
3	The requesting organisation has clearly explained what problems it faces in its activities that prevent it from achieving its goals.	1-5
4	The requesting organisation has clearly described how the training contributes to the needs of the organisation.	1-5
5	The requesting organisation has a clear vision on a sustainable embedding of the training within the organisation.	1-5
6	The main assumptions about potential risks (internal or external factors) before the start and throughout the implementation are analysed and the measures to mitigate these risks are adequate.	1-5
<b>Subtotal</b>	<b>Maximum score</b>	<b>30</b>

#### Assessment performed by Nuffic

Number	Criterion	Score
1	The organisation has clearly explained what it wants to achieve.	1-5
2	The proposal is clearly linked to the Country Focus Document or the Country Plan of Implementation.	1-5
3	The TMT+ addresses the sectoral capacity needs within the relevant priority themes.	1-5
4	The requesting organisation has identified the needs for the TMT+ within the organisation.	1-5
5	The requesting organisation has adequately described the knowledge and skill problems.	1-5

Number	Criterion	Score
6	The contribution of the TMT+ to solve the problems of the organisation is explained and the subjects which should be part of the TMT+ are mentioned.	1-5
7	The criteria to select participants are clear and the criteria assure that participants have a relevant background to participate in the training.	1-5
8	The organisation has convinced Nuffic that the maximum participation of women is ensured.	1-5
9	Attempts will be made to include participants of marginalised and discriminated groups in the training.	YES/NO
10	The requesting organisation has clearly described how to sustain the results within the organisation after the project period.	1-5
11	The requesting organisation has shown a clear vision on how the TMT+ contributes towards a sustainable partnership with the Dutch training provider.	1-5
12	The main assumptions about potential risks (internal or external factors) before the start and throughout the implementation are analysed and the measures to mitigate these risks are adequate.	1-5
13	Nuffic is convinced that the work plan is adequate. Consider: number of days, subjects, training methods and location.	1-5
14	The supporting activities clearly contribute to the content and goals of the TMT+ and the activities are tangible.	1-5
15	The Dutch training provider has ensured that the training design meets the demands.	1-5
16	The work plan offers room for adjustments.	1-5
17	Gender equality is being addressed at organisational and educational level.	1-5
18	Inclusion of marginalised groups is being addressed at organisational and educational level.	1-5
19	Systems of monitoring and evaluation are described, and adequate.	1-5
20	Nuffic is convinced that the results of the training are sustainably embedded within the requesting organisation.	1-5
21	Use is made of local or regional capacity.	1-5
22	The Dutch training provider has shown a clear vision on how to establish a long-term partnership with the requesting organisation.	1-5
23	Logical framework: there is a clear coherence between long- and medium term impact, outcomes at project level and outputs.	1-5
24	Provider has shown that it has relevant specialisation in the subject area of the training in question and in capacity-building of organisations.	1-5

<b>Number</b>	<b>Criterion</b>	<b>Score</b>
25	The team leader has sufficient skills and experience to take the lead, and the team is experienced in the subject area of the training in question and in the country/region.	1-5
26	Comparing the proposal and the budget, the training offers value for money and the expenditures are reasonable for what is offered.	1-5
<b>Subtotal</b>	<b>Maximum score</b>	<b>125</b>
<b>Total</b>	<b>Maximum score</b>	<b>155</b>
<b>Total</b>	<b>Minimum score</b>	<b>93</b>
