

Grant Application Assessment Explanation

Tailor-Made Training - Orange Knowledge Programme (OKP)

Joint Proposal

	Assessment performed by the Embassy of the Netherlands in the respective country	
	Criterion	Score
1	The requesting organisation is a well-established, solid organisation that will be able to benefit from the training.	1-5
2	The requesting organisation has clearly explained what it wants to achieve.	1-5
3	The requesting organisation has clearly explained what problems it faces in its activities that prevent it from achieving its goals.	1-5
4	Contributions provided by the requesting organisation demonstrate its commitment to the TMT.	1-5
5	The main assumptions about potential risks (internal or external factors) before the start and throughout the implementation are analysed and the measures to mitigate these risks are adequate.	1-5
	Maximum score	25

	Assessment performed by Nuffic	
	Criterion	Score
1	The organisation has clearly explained what it wants to achieve.	1-5
2	The proposal is clearly linked to the Country Focus Document or the Country Plan of Implementation.	1-5
3	The applying organisation has clearly explained what problems it faces in its activities that prevent it from achieving its goals.	1-5
4	The contribution of the TMT to solve the problems of the organisation is explained and the subjects which should be part of the TMT are mentioned.	1-5
5	The criteria to select participants are clear and the criteria assure that participants have a relevant background to participate in the training.	1-5

6	The organisation has convinced Nuffic that the maximum participation of women is ensured.	1-5
7	Attempts will be made to include participants of marginalised and discriminated groups in the training.	1-5
8	The main assumptions about potential risks (internal or external factors) before the start and throughout the implementation are analysed and the measures to mitigate these risks are adequate.	1-5
9	Nuffic is convinced that the work plan is adequate. Consider: number of days, subjects, training methods and location.	1-5
10	Gender is integrated in the training and this has been made clear.	1-5
11	The inclusion of marginalised groups is addressed in the training and this has been made clear.	1-5
12	Systems of monitoring and evaluation are described, and adequate.	1-5
13	The measures to ensure that what participants learn in the TMT will be applied in the organisation are sufficient, and they will ensure benefits in the long term.	1-5
14	Use is made of local capacity.	1-5
15	Logical framework: there is a clear coherence between objectives, results, activities and inputs.	1-5
16	Provider has shown that it has relevant specialisation in the subject area of the training in question and in capacity-building of organisations.	1-5
17	The team leader has sufficient skills and experience to take the lead, and the team is experienced in the subject area of the training in question and in the country/region.	1-5
18	Comparing the proposal and the budget, the training offers value for money and the expenditures are reasonable for what is offered.	1-5
	Maximum score	90
	TOTAL MAXIMUM SCORE	115
	TOTAL MINIMUM SCORE	65
