

## Grant Application Assessment Criteria Tailor-Made Training Plus - Orange Knowledge Programme (OKP)

Assessment performed by the Embassy of the Netherlands in the respective country			
	Criterion	Score	Weight
1	The requesting organisation is a well-established, solid organisation that will be able to benefit from the training.	1-5	1
2	The requesting organisation has clearly explained what it wants to achieve.	1-5	1
3	The requesting organisation has clearly explained what problems it faces in its activities that prevent it from achieving its goals.	1-5	1
4	The requesting organisation has clearly described how the training contributes to the needs of the organisation.	1-5	1
5	The proposal shows synergy and coherence with other Dutch-financed programmes and/or ongoing NICHE/OKP instruments (institutional collaboration projects, tailor-made training, scholarships and alumni activities)	1-5	2
6	The requesting organisation has a clear vision on a sustainable embedding of the training within the organisation.	1-5	1
7	The main assumptions about potential risks (internal or external factors) before the start and throughout the implementation are analysed and the measures to mitigate these risks are adequate.	1-5	1
<b>Maximum Score</b>		<b>40</b>	

Assessment performed by Nuffic			
	Criterion	Score	Weight
<b>Training relevance (45 points)</b>			
1	The requesting organisation has clearly explained what it wants to achieve.	1-5	1
2	Explain how the topic of the training is linked to the priority themes as mentioned in the Country Focus Document or the Country Plan of Implementation (CPI). Be specific on which problems or challenges will be addressed.	1-5	4
3	To what extent has the need for the TMT+ been identified within the organisation?	1-5	1

4	The requesting organisation has adequately described the knowledge and skill problems.	1-5	1
5	The contribution of the TMT+ to solve the problems of the organisation is explained and the subjects which should be part of the TMT+ are mentioned.	1-5	1
6	The proposal shows complementarity and synergy with other OKP instruments implemented in the country (please also take into account the scholarships which have been granted, alumni activities)	1-5	1
<b>Staff to be trained (15 points)</b>			
7	The criteria to select participants are clear and the criteria assure that participants have a relevant background to participate in the training.	1-5	1
8	The organisation has convinced Nuffic that the maximum participation of women is ensured.	1-5	1
9	To what extent will people from marginalised and discriminated groups take part in the training?	1-5	1
<b>Approach and design (50 points)</b>			
10	The requesting organisation has clearly described how to sustain the results within the organisation after the project period.	1-5	1
11	The requesting organisation has shown a clear vision on how the TMT+ contributes towards a sustainable partnership with the Dutch training provider	1-5	1
12	The main assumptions about potential risks (internal or external factors) before the start and throughout the implementation are analysed and the measures to mitigate these risks are adequate.	1-5	1
13	Nuffic is convinced that the work plan is adequate. Consider: number of days, subjects, training methods and location.	1-5	1
14	The supporting and innovative activities clearly contribute to the content and goals of the TMT+ and the activities are tangible.	1-5	1
15	The Dutch training provider has ensured that the training design meets the demands.	1-5	1
16	The work plan offers room for adjustments.	1-5	1
17	In case the organisations have added costs for investments within the budget, are the investments of added value for the training?	1-5	1
18	Is gender equality being addressed at organisational and educational level? Is it made clear?	1-5	1
19	Extent to which equity and inclusion are addressed in the curriculum of the training, the way the training is offered and in the organisational strengthening	1-5	1

<b>Sustainability (20 points)</b>			
20	Systems of monitoring and evaluation are described, and adequate.	1-5	1
21	Nuffic is convinced that the results of the training are sustainably embedded within the requesting organisation.	1-5	1
22	Use is made of local or regional capacity, within the provider's consortium.	1-5	1
23	The Dutch training provider has shown a clear vision on how to establish a long-term partnership with the requesting organisation.	1-5	1
<b>LogFrame (5 points)</b>			
24	Logical framework: there is a clear coherence between long- and medium term impact, outcomes at project level and outputs.	1-5	1
<b>Expertise (10 points)</b>			
25	Provider has shown that it has relevant specialisation in the subject area of the training in question and in capacity-building of organisations.	1-5	1
26	The team leader has sufficient skills and experience to take the lead, and the team is experienced in the subject area of the training in question and in the country/region.	1-5	1
<b>Budget (5 points)</b>			
27	Comparing the proposal and the budget, the training offers value for money and the expenditures are reasonable for what is offered.	1-5	1
<b>Maximum Score Nuffic</b>		<b>150</b>	
<b>TOTAL MAXIMUM SCORE (Embassy + Nuffic)</b>		<b>190</b>	
<b>TOTAL MINIMUM SCORE to be eligible for funding</b>		<b>114</b>
