

Job description Consultant Meta Evaluation StuNed Programme

Job title: Consultant meta-evaluation StuNed programme
Location: Indonesia OR the Netherlands
Period: July up until September 2023 (3 months)

About StuNed

StuNed or *StuNed*, is a scholarship programme focusing on Indonesian mid-career professionals, as part of the bilateral partnership program between Indonesia and the Netherlands.

StuNed aims to contribute to the development of Indonesia through strengthening the human resources of Indonesian organisations. The programme is funded by the Dutch Ministry of Foreign Trade and Development Cooperation through the Embassy of the Kingdom of the Netherlands (EKN) in Jakarta and implemented by Nuffic Neso Indonesia, the overseas representative of the Dutch Organisation for Internationalisation in Education (Nuffic).

About the role

Currently, Nuffic Neso Indonesia is looking for a consultant to undertake a meta-evaluation to measure the impact of *StuNed* in terms of relevance, effectiveness and efficiency, by:

- providing an overview of, and a perspective on *StuNed* scholarship programme based on presents summaries and analysis of evaluations that have been done before.
- synthesising the key findings and recommendations of previous evaluations presenting lessons learned for the design and implementation of future scholarship programmes and other capacity building programmes.

Please find enclosed the Term of Reference (TOR).

Qualifications and Experience

- Master's degree preferably in the field of education, international relations, development studies, or other social science or a first-level university degree in combination with two additional years of qualifying experience.
- At least 3 years of progressively responsible experience in conducting meta-evaluations. The candidate can preferably provide an example of his/her previous meta-evaluation report.
- Ability to work with stakeholders to present analyses, and identify relevant findings, recommendations and lessons learned from evaluations.
- Fluent in Bahasa Indonesia and English, including strong communication, analytical and writing skills.

How to apply?

Interested candidates will be asked to send a motivation letter, Curriculum Vitae and a brief project proposal of max. 2 pages based on the attached Terms of Reference (this should include a draft activity- and budget plan) in English to email: tmt_stuned@nesoindonesia.or.id

The deadline for application is on 19 June 2023.
